This Week's Program

☒ Spartan Wheel Chariots is owned by Ben Huntzinger, a paraplegic outdoorsman who started building rugged all-terrain wheelchairs on the tailgate of his truck. "I decided a while back that if I was going to have access to the life I wanted, I was going to have to build it from scratch. After years of trial and error, and lots of being told no, I developed a wheelchair that would be tough enough to handle the challenges that my lifestyle would demand of it."

Even the best wheelchairs are not designed for outdoor use. Founder Ben Huntzinger was determined to fix that. Ben researched the least expensive products that still maintain strong integrity for off-road use. That way, everyone could afford an all-terrain wheelchair. He partnered with Spinerdy Wheels, the "Cadillac" of wheels to identify a strong and reliable wheel with the best price per wheel. We believe everybody worldwide needs access to living. Spartan Wheel Chariots are the answer.

In 2019, Ben participated in the Georgia Chamber of Commerce's InVenture Prize Competition. He found an incredible community of support for his rugged all-terrain wheelchairs. Since then, Spartan Wheel Chariots continues to partner with extraordinary people in providing an extraordinary product. Changing lives, one wheelchair at a time.

Last Week's program

President John Brown kicked off the meeting by thanking Thomas University for the use of their conference room. Our newest member, Brett Jenkins was officially inducted into the club. Congratulations Brett, welcome to the team.

Clay Campbell gave us some Sunshine for the day, and Tom Callaway informed us that Thomasville was highlighted in the Georgia Trend magazine.

The Back to School Blitz will not happen this year. The funds will be divided between the Thomasville City School System and the Thomas County School System. Remember fellow Rotarians, "Rotary Presents Opportunities." Are you looking for yours?

There are "Angels Among Us". Our guest speaker, Jacqueline Knight, reminded us why we think so highly of Thomasville. We were reminded that we can be our best self, right here in our corner of the world. As Rotarians, we are angels to our community each time we display in our lives The Four Way Test.

ABC's of Rotary

International Responsibilities of a Rotarian

As an international organization, Rotary offers each member unique opportunities and responsibilities. Although each Rotarian has first responsibility to uphold the obligations of citizenship of his or her own country, membership in Rotary enables Rotarians to take a somewhat different view of international affairs. In the early 1950s a Rotary philosophy was adopted to describe how a Rotarian may think on a global basis.

Here is what it said:

"A world-minded Rotarian:

- looks beyond national patriotism and considers himself as sharing responsibility for the advancement of international understanding, goodwill and peace;
 - resists any tendency to act in terms of national or racial superiority;
 - seeks and develops common grounds for agreement with peoples of other lands;
- defends the rule of law and order to preserve the liberty of the individual so that he may enjoy freedom of thought, speech and assembly, and freedom from persecution, aggression, want and fear;
- supports action directed toward improving standards of living for all peoples, realizing that poverty anywhere endangers prosperity everywhere;
 - upholds the principles of justice for mankind;
- strives always to promote peace between nations and prepares to make personal sacrifices for that ideal;
- urges and practices a spirit of understanding of every other man's beliefs as a step toward international goodwill, recognizing that there are certain basic moral and spiritual standards which will ensure a richer, fuller life."

That is quite an assignment for any Rotarian to practice in thoughts and actions!
